

**powder & bulk**  
MATERIAŁY SYPKIE I MASOWE

Media Data  
**2017**

## 1. TITLE:

POWDER&BULK. Materiały Sypkie i Masowe

## 2. CHARACTERISTICS:

POWDER & BULK is the technical journal for bulk materials handling in Polish language and provides a cross-media platform for users, system & component suppliers and science. Problem-solving approaches and trends in efficient bulk materials handling are shown - across all sectors of the materials handling industries: building materials, energy, agriculture, chemicals and plastics. POWDER & BULK informs about the various processing steps and procedures for the extraction and use of coarse to finely grained materials. Technical and scientific papers from research and development, process engineering, product and material development, product news, event and date references - always high quality and up to date. Special attention is paid to the description of processes of rationalization, process control, automation, measurement technology, quality assurance, operational safety and environmental protection. In addition it is reported about new products, events, fairs and trade events.

POWDER & BULK is licensed by Vogel Business Media GmbH & Co.KG from Wurzburg from Germany.

**3. READERS PROFILE:**

The main group of our readers are engineers and managers responsible for technological processes, logistics, transportation, R&D and investments in bulk and solid materials industry.

**4. FREQUENCY:**

8 issues per year (7 regular issues and 1 special issue)

**5. SUBSCRIPTION:**

Please ask: [prenumerata@powderandbulk.com.pl](mailto:prenumerata@powderandbulk.com.pl)

**6. PUBLISHER:**

Śląska Agencja Reklamowo-Dziennikarska

**7. EDITORIAL DEPARTMENT:**

Tel./Fax: +48/32/262 76 22
